He admitted the circumstances were highly unusual, but insisted that neither he nor any other director had asked Col. Stewart or Sinclair why the oil could not be purchased directly by the Sinclair Oil company for \$1.50 instead of through the Continental and at a 25 cent premium.

Committee Were Approved.
"You did eventually approve them, however?" asked Senator Walsh.
"Yes," answered Phillips.
"And that without any inquiry whatsoever?" continued Senator Walsh.
"Yes," answered Phillips.

Meanwhile, George W. Wickham, former attorney general of the United States, who will represent the senate, and James C. Adkins, counsel for Col. Stewart, prepared for the habeas corpus hearing tomorrow which will test the senate's right to arraign the Standard Oil official before its bar and compel him to tell what he knows of the disposition of the Continental company's profits.

Mr. Adkins, it was recalled today, acted as counsel for H. Snowden Marshall, former federal district attorney for the southern district of New York, when the latter was charged with contempt of the house in 1917 and arrested by the house sergeant-at-arms, Marshall, who had written a letter announcing a house committee investigation, was refused a writ of habeas corpus by a district court. He appealed finally to the United States Supreme court, which reversed the lower court and ordered him released.

SEIZED ON BOAT IN N. Y.; FOUND TO BE WRONG MAN

Francisco Losola, 25, of 1054 Grand avenue, decided a few weeks ago to take a trip to his birthplace in Italy. He boarded the steamer Roma, out of New York last week and was settling himself for a pleasant journey when a policeman stepped up and told him he was wanted at headquarters.

Asking no questions and volunteering no information, Francisco was brought to Chicago, arriving yesterday morning. Detective Sergeant John Murphy escorted him immediately before Municipal Judge Edgar Jonas.

After a short wait the charges of wife and child abandonment were dropped. Francisco Losola, 454 North Carpenter street, was called for hearing. Up stepped Mrs. Grace Losola with her two children and Losola was brought forward by the guard. For a few moments the woman seemed puzzled and then said:

"That is not my husband."
"Why didn't you say something," asked the amazed police sergeant when he found that he had the wrong man. "You said you were police," innocently replied the victim of mistaken identity.

HELPS HUSBAND GET DECREE, THEN WEDS DIVORCEE

An episode in which Police Magistrate Walter Hamilton, 86, of La Grange, and his bride, Pauline Emerson, 25, whom he married Saturday night, were kept from their apartment by practical jokes who lacked a quarantine sign on the door, yesterday revealed that the bridegroom was the attorney for his bride's recent husband in the latter's successful divorce suit last week. The discovery was made by the ex-husband, Dr. Clarence H. Courtney, physician at 2159 Washington boulevard, when he read of the quarantine episode in yesterday's TRIBUNE.

Attorney Hamilton produced testimony before Circuit Judge George Fred Hunt that Mrs. Courtney had beaten, choked and kicked her husband numerous times during their six months of married life. Dr. Courtney told of suffering from alleged brutalities and then his witness, Robert Frost, who resided in the same building with the Courtneys, described Mrs. Courtney as being "an awful nagger." Mrs. Courtney did not contest the suit.

JOHN D.'S TOWER CLOCK SPOILS HIS NEIGHBOR'S RADIO

Washington, D. C., Feb. 6.—(AP)—A tower clock on the estate of John D. Rockefeller Jr. at Lakewood, N. J., has been found to be the cause of his neighbors' radio reception troubles. At the request of the Federal radio commission, the Jersey Central Power and Light company investigated and found that the huge electric timepiece, with its automatic signal flashing equipment, was making the part of the state's radio "blind spot."

The clock has been stopped, and each of its parts will be examined to find the specific cause of the interference. William Schell, who lives a quarter of a mile from the estate, wrote the commission today that his set was now functioning properly for the first time in two years.

3 MIAMI BANKS CLOSED; RUN IS STARTED ON 4TH

\$6,000,000 Sent to City to Save 1st National.

Miami, Fla., Feb. 6.—(Special).—Three of Miami's smaller banks were closed today by the state banking department, and a run of quiet though persistent nature was made upon the First National bank, one of the major financial institutions of South Florida.

The latter institution, a member of the federal reserve system, was informed late in the day that \$6,000,000 in currency would be shipped tonight from Jacksonville and reach the city tomorrow morning to meet the probable continuation of the demand by depositors.

Two Large Banks Safe.

At the close of banking hours today officials of the other two major banking houses, the Bank of Bay Biscayne and the Miami Trust bank, said that no unusual demands had been made by their depositors.

An uncertain condition exists tonight and arrangements are being made by all banks of the city to meet developments which may arise through the city tomorrow. Every means of communication to the public is being used tonight to allay any fears of general insolvency. Whether this will have the effect of quieting the uncertainty of depositors remains to be seen.

The three banks which failed to open yesterday are the Southern Bank and Trust company, of which J. E. Lummus, pioneer developer of Miami Beach, is president; the Bank of Allapattah, a suburban institution, and the Citizens' bank, a comparatively small establishment at the west business center.

\$3,550,000 Due Creditors.
Approximately 10,000 depositors in the three banks were affected by the closing. State Controller Ernest Ames, who took charge of them, stated that he estimated that about \$3,550,000 is due creditors.

The Southern bank was the first to be taken over by the state authorities. It was closed when crowds of depositors gathered at its door at opening time. President Lummus stated that the demonstration was the result of a broadcast of anonymous notices suggesting to depositors that the insti-

tution was about to become insolvent. News of the closing caused such a heavy strain on the other two that they were also closed.

Later the fear spread to depositors of the First National, which is under national and federal reserve regulation. E. C. Romfh, president of the institution, and other officials presented themselves in the crowded banking room endeavoring to allay the fears of the depositors. At the closing hour they reported that \$150,000 had been paid out and that withdrawals would be honored as long as demanded.

Banks Weathered Storm.
During the turbulent financial period following the collapse of the real estate boom in 1925-26, the Miami banks weathered the storm without apparent inconvenience. Statements issued at that time declared that the leading banks were in no way involved in the financing of real estate speculation, and all were reported by official examination to be in excellent and even highly prosperous condition.

The fear of a general run on all the banks, however, has been entertained for the last two years by banking authorities generally. They have publicly expressed the belief that such a crisis was possible at any time because of the real estate failures, but insisted that even a general run would not cause insolvency.

Mrs. Olga Nordrum, 40 years old, 1544 North Talmann avenue, appeared in the Shakspeare avenue court yesterday and complained that her sister, Mrs. Enga Anderson, who is 43, is trying to steal her husband. Mrs. Anderson retorted that she had only herself to blame, that she lost all her husband's money playing bunco. Judge Padden placed both women under bond.

SENATOR ACTS TO PUT NATION IN WORLD COURT

Gillett Would Reopen Negotiations.

Washington, D. C., Feb. 6.—(Special).—Reopening of negotiations with other nations relative to American adherence to the world court was suggested today by Senator Gillett (Rep., Mass.).

A resolution offered by Senator Gillett in the senate proposes that President Coolidge take steps to ascertain whether the differences between the United States and other countries over the terms of American participation in the activities of the court can be composed.

In explaining the purpose of his move, which is a sword-pointed, Senator Gillett said he had no idea that the senate would recede from the reservations which it attached to the resolution approving American membership in the court. He thought, however, that the other nations which by common action refused to accept the American reservations might possibly be ready to change their position.

The resolution was referred to the committee on foreign relations of which Senator Gillett is a member.

Prospects for favorable action are rather doubtful in view of the fact that Senator Borah (Rep., Idaho), chairman of the foreign relations committee, is opposed to the world court, while many of the administration senators who supported the original proposal on the independence of President Coolidge have been content to let the matter drop.

"I think that the negotiations have been long suspended," said Senator Gillett, "that we should ascertain the developments."

Senator Gillett said that renewed negotiations involving the world court could go ahead without in any way affecting the discussions for treaties with France and other nations for the outlawry of war. He was of the opinion that it would be of great assistance to the President and the state department to obtain an expression of opinion by the senate on the world court, regardless of what the outcome of the parley might be.

Senator Means (Rep., N. H.), one of the leaders in the opposition to the world court, said that he does not favor "starting a second world."

JURY DECLARES KRESGE GUILTY OF INFIDELITY

Court Caustic on Chain
Store Head's Dry Gift.

(Picture on back page.)

New York, Feb. 6.—(Special.)—Stevens, chain store owner and one of the Anti-Saloon league's largest contributors, was held guilty of infidelity today by a jury which had heard evidence submitted by his wife, Doris M. Kresge, in a divorce action to which he entered no defense. The jury found Mrs. Kresge's allegations true as they were framed in each of seven issues submitted.

The verdict was received by Supreme Court Justice Tierney and will be considered by him in his action. He ordered counsel to submit briefs and, within the next few days he may, at his discretion, grant or withhold an interlocutory decree.

Names Two Co-Respondents.

Two co-respondents were listed, one of them a girl, 16 years of age, who was not named, and the other Gladys Ardelle Fish of Natick, Mass. Because the defendant, following his previous statement that he wanted "to get rid of her," did not appear either in person or by counsel, it took the jury only fifteen minutes to render its verdict. It consisted in answering in the affirmative seven questions with reference to the conduct of the husband at the time and places mentioned.

"Is this the S. S. Kresge who recently stirred the Anti-Saloon league in Washington by starting a fund with a gift of \$500,000?" asked Justice Tierney, after uncontradicted testimony had been given by a housekeeper and a private detective about Kresge's liaisons with women in an apartment where Kresge was known as Mr. Jones.

"The same," replied counsel for Mrs. Kresge.

"What hypocrisy!" remarked the justice.

COP FOUND IN 'BOMB TRUST' HEADQUARTERS RAID IS SUSPENDED

An echo of the Fitzmorris-Held bombing investigation was heard yesterday in the announcement by Police Commissioner Hughes that he has suspended Patrolman Francis "Rags" O'Malley for his alleged connection with a gang suspected of the bombings.

O'Malley, who was assigned to the Marquette station, was dropped from the force on Jan. 30, the day following a raid by detective bureau squads on headquarters of the "bomb trust," a saloon at 431 South Kedzie avenue. Nine men were arrested. There were rumors at the time of a "mystery policeman," supposed to have been aiding the group.

"I don't know exactly what charges I will prefer against O'Malley, but I know he was hanging around this saloon off his beat and I will have him dismissed if possible," the commissioner said.

With the news of O'Malley's suspension there were also reports that several other west side policemen may be involved in the investigation on information obtained by Walter G. Walker, assistant state's attorney.

Commissioner Hughes said that he intended to make a thorough inquiry to find out who were O'Malley's associates on the force.

Testified to having led a raid on the apartments of "Mr. Jones," at 8 and 10 East 48th street on the night of April 11, last.

"Mrs. Kresge, the late Prison Commissioner Winstock and Mr. Weinstein's chauffeur and I went to the apartment about 9:30 at night," O'Farrell said. "The door was locked. It was broken open. Kresge was dressing himself. He looked as pale as a ghost. I called: 'Come out!' The owner of a pair of legs didn't move. So I pulled the legs out. They belonged to Gladys Ardelle Fish. She was hysterical, but Kresge quieted her, saying that he would take care that nobody hurt her."

O'Farrell previously had alleged in affidavits that a partly filled bottle of whiskey had been found on a table of the prohibition benefactor's love nest at the time he surprised the pair. The girl was under the bed.

MOTORIST WHO KILLED 3 MUST FACE 6 CHARGES

Two Purdue Students Die
at Grade Crossing.

Three charges of manslaughter and three of assault with an automobile were filed against Peter Zukas, 28 years old, a butcher at 1567 West 23d street, after a third person died yesterday from injuries received Sunday night when he rammed his auto into a crowd leaving a street car at Blue Island avenue and Leavitt street.

The third victim of the accident, caused, according to the police, by Zukas' driving while intoxicated, was Mrs. Sophie Micholynski, 42 years old, 2118 West 18th place. The others were Walter Kozlowski, 11 years old, and Chester Dikowski, 15 months old, both of whom resided at the 18th place address. Three other persons were injured.

Flees After Accident.

Zukas, who did not stop after his car smashed into the crowd, was arrested at his home by witnesses who pursued him. Last night, through an attorney, he was trying to find a Municipal judge who would fix a bond low enough for him to obtain bail.

Two Purdue university students, on their way back to classes after a weekend vacation, were killed yesterday morning when the automobile in which they were riding was struck by a west-bound Wabash passenger train at Euclid avenue, in Indiana Harbor. The father of one of the students, who was taking them to Lafayette, Ind., also was killed in the accident.

The victims are Harry Krasna, 28 years old, a sophomore; Arthur Given,

19 years old, a freshman, and Nathan Krause, 45 years old, a druggist at Indiana Harbor. Young Given is the son of Indiana Given, a dry goods merchant at the same town.

No Gates at Crossing.

The crossing where the crash occurred has neither gates nor warning signals. William Moss, a watchman, was stationed there. He told investigators that he ran out when he saw the automobile approaching and attempted to halt it.

The death of Mrs. Micholynski and

two others in Cook county yesterday raised the 1928 toll to 164. Charles Johnson, 63 years old, 1788 West Madison street, died from injuries received last Thursday when he was struck by a taxicab at Washington and Sacramento boulevards.

Henry Hansen, 41 years old, 7289 Greenwood avenue, was killed when he was pinned between a truck and a wall at 124 street and Langley avenue. At the time he was directing the driver of the truck, which was loaded with coal, how to back up to a window.

RICH NICARAGUAN HELD AS HOSTAGE BY BANDIT CHIEF

Sandino Leads Raid Near
Town Held by Yanks.

BY LOUIS ROSENTHAL.
(Chicago Tribune Press Service.)

MANAGUA, Nicaragua, Feb. 6.—A report received late today from Jinotega says Salvador Stadnager, a wealthy coffee grower and member of an important Nicaraguan family, is being held as a hostage near Jinotega by Gen. Augustino Sandino because he failed to pay a levy of \$2,000. Gen. Sandino's army also captured several cardinals of coffee on the road between Jinotega and Leon.

Persistent rumors in Managua today state the bandits are gathering in the department of Chontales, in the region of Boaco. It is generally believed that Gen. Sandino is headed for Chontales. Gen. Sandino is well acquainted with the region around Boaco and the department of Chontales, having fought his way with the Liberal army prior to the peace conference, from the east coast, as part of Gen. Moncada's army.

Four patrols of more than 300 men are concentrating on San Rafael and Yali, where Gen. Sandino's forces are said to be gathering. A machine gun company of marines now is holding Jinotega. The total number of marines in the field is 1,400, and 300 cars are being used for freight and supplies.

Marine headquarters emphasizes the fact there has not been a shot by or at Americans in ten days.

Grenade Accident Kills Yank.
The written report of Maj. Archibald Young on the occupation of El Chipote has not yet been received, but a report was received stating the marines suffered little resistance. There were only three casualties, the soldiers suffering minor wounds.

Frederick Perham of Keeseville, N. Y., was killed Saturday at Totogalpa, near Ocotal, when a hand grenade exploded accidentally. Maj. Edward Reno was slightly wounded in the face and was removed to Managua.

ATTACK NICARAGUA POLICY

(Chicago Tribune Press Service.)
Washington, D. C., Feb. 6.—(Special.)—Two new resolutions were offered in the senate today as part of the attack on the administration's Nicaraguan policy.

Senator Borah (Rep., Idaho), chairman of the senate committee on foreign relations, offered a resolution asking Secretary of the Navy Wilbur to supply detailed facts on the participation of the navy in Nicaraguan affairs.

LINDBERGH IDLES IN CLOUDS; GETS TO HAITI ON DOT

Good Will Envoy Wins
Another Nation.

PORT AU PRINCE, Haiti, Feb. 6.—

(AP)—After circling lazily in a great white cloud bank at an elevation of 6,000 feet, killing time, so that he might arrive at Port au Prince on the exact minute, Col. Charles A. Lindbergh, flying from Santo Domingo, made a dramatic appearance over the flying field here today. The Spirit of St. Louis had been sighted at 1:30 about 20 miles to the north, and then was lost to view. The flyer made a long detour, and suddenly approached the city from the south at an elevation of 500 feet.

The plane then circled to the east, straightened out, and came on the field like an arrow to a safe, easy landing, controlled with consummate, breath-taking skill. It rounded and came to a full stop, exactly at 2 o'clock, the hour Col. Lindbergh had said he would be here.

Passes Over Other Towns.

In the aerial trip from Santo Domingo, where he took off at 11 a. m., Col. Lindbergh passed over and was reported from Santiago de los Caballeros and Cape Haitien.

A crowd of 6,000 spectators in holiday mood and attire had waited anxiously here during the last half hour, when suddenly the Spirit of St. Louis, with its famed pilot, shot into view from an unexpected quarter.

As he stepped from the plane, Col. Lindbergh reached into the cockpit and drew forth a mail bag, tossing it on the ground as he in the old days of his mail route flying. He carried government mail from Santo Domingo for Port-au-Prince and Havana.

Greeted by President Borno.

The reception committee, headed by Commissioner Russell, flanked by marine and gendarmic color guards, advanced, and there was great cheering and handclapping as, thus escorted, Col. Lindbergh proceeded to the reviewing stand. President Borno in a short speech of welcome described the flyer "the world's greatest hero and smiling conqueror on a peaceful mission."

Mlle. Yvonne Mathon, niece of the president, presented the aviator with a bunch of roses, and President Borno pinned the alban order of merit on his coat and embraced him.

Proving the flying field automobiles carried the airman, the president, and the reception committee through beflagged streets a distance of two miles to the residence of Commissioner Russell.

RADIO CORPORATION BALKED IN CONTRACTS FOR SALE OF TUBES

Wilmington, Del., Feb. 6.—(AP)—A motion to enjoin the Radio Corporation of America from enforcing contracts it has made for the sale of radio tubes was granted Arthur D. Lord, receiver in equity for the De Forest Radio company, and others, by Judge Hugh M. Morris in the federal district court today. The court denied a motion to dismiss the bill. The purpose of the suit was to enjoin the Radio Corporation of America from enforcing license agreements alleged to constitute an unfair method of competition, and to be in violation of the Sherman act and the Clayton act, made by and between the defendant, the General Electric company, the Westinghouse Electric and Manufacturing company and twenty-five manufacturers of radio receiving sets, and asserted to by the American Telephone and Telegraph company. The plaintiffs claimed that there was a contract for the sale of goods, on the condition that the purchaser should not use or deal in the goods of a competitor of the seller, and that the effect of such contract for sale or such condition was "to substantially lessen competition or to tend to create a monopoly in" radio tubes.

at an imposing ceremony at which he was given a mahogany paper weight in which was imbedded a piece of metal from the anchor of Columbus' flagship, the Santa Maria. The flyer said to Andre Chevalier, who was delegated to tender the gift:

"Sir, I will treasure this above any other gift I have received on my trip." He was then offered a collection of rare stamps by the Haitian postal service and the Haitian Philatelic society. He then was given time to rest, but spent it inspecting the "Spirit of St. Louis."

PLANS TO BETRAY LIQUOR SELLERS; FOUND MURDERED

Rockford, Ill., Feb. 6.—(AP)—There is a 1 day old baby in the squalid home of Tom M. Rada, 40, and his wife that the father, missing since last Wednesday, will never see.

His body, two bullet holes in the head, with a rope bound around the legs, was found today on the Camp Grant rifle range, near here. He had been murdered, officers said, after he had agreed to sell them information regarding a bootlegging clique.

Besides the infant there are four other children.

After Rada had lain here several hours unidentified, Mrs. Lucy Sadron, a neighbor, established his identity. Her husband had been best man at Rada's wedding.

Rada, who once had been a "still tender" for the bootleggers he intended "selling out," hesitated, fearing reprisals, authorities said, before he could make up his mind he disappeared. Mrs. Rada said her husband told her he was going to Freeport.

County officers said Rada once lived in Milwaukee.

SENATE EXTENDS POWER OF RADIO BOARD FOR YEAR

Confirmation of Members
Is Predicted.

Washington, D. C., Feb. 6.—(Special.)—Extension of the present powers of the radio commission for another year was approved today by the senate.

Probable confirmation of the three members of the commission, whose appointments have been held up, was forecast by favorable action upon them by the senate committee on interstate commerce.

The senate passed the bill extending the powers of the commission with but little debate. Under the terms of the bill, the commission would continue for one year to exercise original jurisdiction over radio instead of becoming, as March 15, an appellate body to act on appeals from rulings of the department of commerce, as intended by the present law.

The bill provides that terms of present members of the commission shall expire at the end of the year's period and that new appointments of members of the appellate body to exist thereafter shall then be made by the President.

Another provision of the bill limits licenses of broadcasting stations to six months and other classes of radio licenses to one year.

The opposition to the confirmation of the three radio commissioners, O. H. Caldwell of New York, Sam Pickard of Kansas, and Harold Lafount of Utah, is expected to be carried to the floor of the senate, but today's approval by the interstate commerce commission, which held lengthy hearings, is expected to result in favorable action.

Just as Grandmother Mickelberry made them —dainty nuggets of tantalizing flavor!

The old Mickelberry Plantation in Bibb County, Georgia, became famous for three outstanding features—Grandmother Mickelberry herself, her cordial hospitality, and her wonderful way of making little pork sausages.

It was a way she had of blending dainty tidbits of tender pork with a secret Southern seasoning that not only tantalized the taste beyond resistance, but also inspired digestion.

Those fortunate few who convened at Grandmother Mickelberry's rare breakfast feasts never forgot them. For on those occasions Grandmother Mickelberry herself took charge and prepared the famous golden-brown nuggets of delicious sausage with her own hands.

Mickelberry's little pork sausages are made today just as Grandmother Mickelberry made them. A treasured

KELLOGG REACHES OTTAWA IN MIDST OF SEAWAY TALK

Tells Canadian Capital of U. S. Admiration.

BY GEORGE SMITH.

(Chicago Tribune Press Service.)
(Special 1928: By The Chicago Tribune.)
OTTAWA, Ont., Feb. 6.—Frank B. Kellogg, United States secretary of state, arrived here today upon what he emphasized was a purely social visit, but prepared to discuss business if necessary. This is an inference derived from an interview Mr. Kellogg granted to Canadian newspapermen at the residence of William Phillips, United States minister.

"Do you contemplate discussing the St. Lawrence seaway proposition with the Canadian prime minister?" Mr. Kellogg was asked.

"I do not expect to. Mine is a purely social visit."

Brings Good Wishes of U. S.

"Are you prepared to discuss it, should the Canadian prime minister touch the subject?" he was pressed.

"I cannot answer such a purely hypothetical question," the secretary answered. "I am here to have a good time."

"I come to bring good wishes and to express the deep admiration the people of the United States have for Canada," he continued.

Courteous and amiable, this little gray man from Washington, who reminded Canadians so much of William A. P. Fraser, the Canadian finance minister, who negotiated the ill-fated 1911 reciprocity pact with the United States, finally declined to be led into discussion of United States naval or war or peace policies.

"I don't know. I'm not secretary of the navy," he said, terminating that portion of the discussion. But he first explained that he approved the Prohibition resolution favoring abolition of submarine warfare. The United States was prepared to offer anti-submarine warfare treaties to the world, he said.

"I think submarine warfare barbarous," he exclaimed, "but I have not submitted our proposal to any country."

Starts Round of Functions.

The Grand anti-war proposal he would not discuss; he had not heard complaints about the operation of the Canadian-United States liquor treaty, and he laughed off a query as to the probability of the United States securing a permanent legation building in Ottawa.

Mr. Kellogg was met at the depot by Premier Mackenzie King and practically all the Canadian cabinet, together with the United States minister to Canada and his entire staff and several of the resident consuls.

His formidable round of social functions started off today with a visit with Premier King in the premier's quarters and a dinner tendered him at night by the Canadian governor general.

MANN ON WAY TO LEAD DEFENSE IN PADLOCK WAR

Fred Mann, owner of the Rainbow gardens, will assume leadership today and martial owners and managers of eleven other cafes and cabarets for a united defense against the padlock proceedings to be instituted as a result of Saturday night raids by prohibition agents. All of the cafe men said that they were waiting for the leadership of Mann, who was on his way from New Orleans to Chicago last night.

E. C. Tellowley, dry boss of the district, turned over some of the liquor taken from patrons, to Edgar B. Elder, assistant district attorney. Mr. Elder plans, he said, to file affidavits of injunction against some or all of the cafes within a "few weeks" restraining them from violating the law or from moving out. Then at the end of twenty days, the judge may either dismiss the injunction or order permanent padlocks.

Assistant United States District Attorney Edgar B. Elder was notified yesterday by the school board's law department that any attempt to padlock the recently raided New Tremont hotel, 29 South Dearborn street, will be resisted. The hotel is located on school board property and it is the

contention of the legal department that the government is without authority to padlock state property. The lawyers announced that they will attempt to cancel the hotel's lease, however.

Escaping Gas Kills Man, but His Wife Is Revived

Oxygen administered yesterday saved the life of Mrs. Angeline Mojok, 29, who is soon to become a mother. The rescue squad, however, failed to revive her husband, John, 23. They were found at 1012 Fry street, by neighbors. Water in a clothes boiler had bubbled over and extinguished a gas flame as they slept.

FIFTEEN TESTIFY TO GOOD REPUTE OF HILL AT HOME

Ottawa Mayor Is Among Character Witnesses.

BY WILLARD EDWARDS.
(Chicago Tribune Press Service.)
Ottawa, Ill., Feb. 6.—(Special).—Harry Hill's popularity in his home town was attested by fifteen character witnesses at the opening of his defense in Judge Joe Davis' court today to the charge that he murdered his mother. The state is asking that the youth be sent to the electric chair on circumstantial evidence.

A state representative, the mayor, city clerk, and postmaster of Streator, two bankers, a horticulturist, an automobile dealer, a woman doctor, a woman editor, and two lawyers were among those summoned to the stand who testified that Hill's reputation for "peace and quiet, truth and veracity" was good.

School Girls Get a Break.
The 22-year-old defendant basked in this favorable testimony and regained something of the light hearted attitude which was his characteristic at the opening of the trial. The high school girl spectators got a break for the first time in many days. Harry gave them the flicker of a smile at the close of the session.

In addition to telling the jury that the boy's reputation in Streator was excellent, State Representative R. G. Soderstrom testified that he, in company with four defense lawyers, had made an inspection of the ground about the Hill home where the murder was committed. He said he found the ground to be of a claylike substance, mixed with particles of brick, coal, and cinders.

This testimony was claimed by the defense to be a refutation of the state's charges that clay on a pair of young Hill's shoes indicated that he buried his mother in the clay in the cellar.

Court Rebukes Legislator.
Severe cross-examination of the legislator by Special Prosecutor Andrew J. O'Connor caused Defense Attorney Leo O'Neill Browne, a brother legislator of the witness, to arise wrathfully and protest.

COURT REFUSES TO AID SWAMI AGAINST POLICE
(Picture on back page.)
Miami, Fla., Feb. 6.—(AP)—United States Judge William B. Sheppard today denied Swami Yogananda, East Indian "mystic," an injunction to prevent police interference with a scheduled lecture series.

Police Chief H. Leslie Quigg ordered the lecturer out of town last week, after delegations had called on him with threats to take the affair in their own hands, charging that he accepted \$25 each from 200 Miami women for individual instruction in the mysteries of his cult.

GUARD OFFICER CALLED BY COURT IN BASS TRIAL

Pushes Own Inquiry on Booze Shipment.

Capt. Roy E. Davis, supply officer of the 202d Coast artillery, with headquarters in the Broadway armory, was subpoenaed yesterday as a court witness to testify today at the court martial of Capt. J. Leland Bass, who is being tried on charges of irregularities in the handling of liquor at the Pershing road army quartermaster depot.

The eleven officers sitting as an army court at corps headquarters are expected to seek information as to whether Capt. Davis or any other officers of the 202d Coast artillery had a hand in the placing of liquor in Capt. Bass' furniture shipment. Capt. Bass, when testifying in his own defense last Friday, said Capt. Davis had admitted responsibility for the liquor.

Why Court Issued Call.
Last week Maj. Donald B. Sanger, trial judge advocate, announced that the prosecution did not care to call Capt. Davis as their witness, saying: "Capt. Davis has told three conflict-

ing stories under oath." Egbert Robertson, civilian defense counsel, then announced that the defense would not call Capt. Davis on the same grounds. The subpoena for Capt. Davis was issued by order of the court at the completion of the defense case. Other witnesses summoned by the court are Capt. E. Berg, quartermaster corps, Fort Sheridan; J. Emmerring, checker at the Pershing road warehouse; Leo W. Sender, cook, former army private; William Nuss, employee of the United States marshal's office detailed to the warehouse; Maurice Wolf, prohibition agent, and R. Dale, government chemist.

Generals Praise Defendant.
The defense testimony was closed after Capt. Jewett De Witt Matthews, commandant at the University of Chicago, associate counsel for Bass, had read eighteen letters from high military officials. The letters paid high tribute to the military ability and integrity of Capt. Bass. Among the signers of the various letters were Brig. Gen. Leroy Eiling, Brig. Gen. George Van Horn Moseley, and Brig. Gen. H. D. Todd Jr.

SENATE'S VOTES HELP CHICAGO POSTOFFICE

Passage by the United States senate yesterday of the house bill for additional appropriations for construction of public buildings makes more certain an immediate start on the Chicago postoffice when condemnation proceedings to acquire a portion of the site are concluded, according to Postmaster Arthur C. Lueder.

The contested part of the postoffice site, which is bounded by Canal, Harrison, Clinton, and Polk streets, is owned by the heirs of W. J. Mayer. The government already has purchased the larger part of the block from the Marshall Field estate, but until a settlement is effected in the courts for the Mayer section the government will make no allotment for construction, Mr. Lueder said.

The additional \$100,000,000 made available for public buildings, when the President signs the bill, Mr. Lueder added, removes all doubt that the Chicago postoffice will be financed when the ground is cleared.

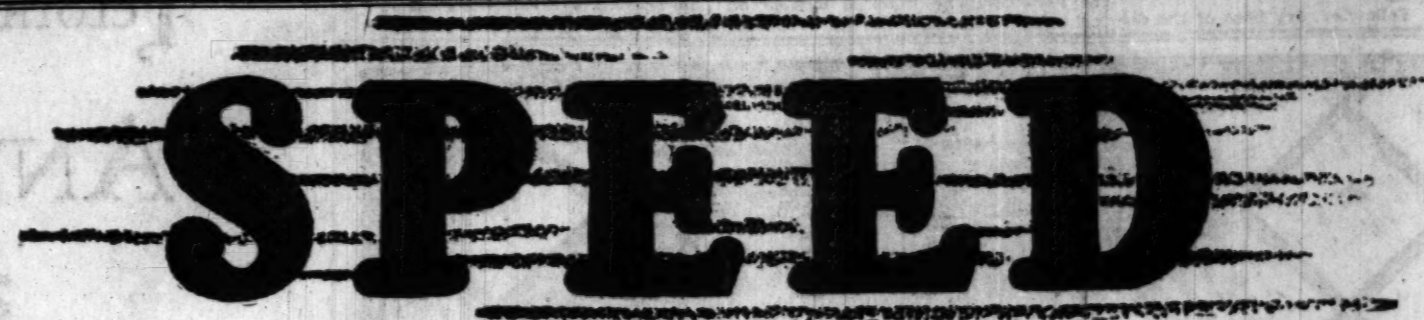

RALPH CAPONE AND PAL COMING; CELLS FOR TWO!

Ralph Capone and Louis Raggio, proceeding Chicagoward by auto jumps and jail halls, will be given the customary welcome when they get home. Chief of Detectives Michael Grady announced last night that a jail cell was waiting for them here.

Capone, whose brother Alphonse has been instructed to get out of Chicago, Los Angeles, and Miami in the last three months, was allowed to leave Memphis, Tenn., yesterday morning. With him went Raggio. They were arrested Sunday evening.

Arrested in Theater on Charge Made by Woman

Ralph Pierce, 33 years old, 1517 Cornelia avenue, was arrested last night in the Lincoln Hippodrome theater at Belmont and Lincoln avenues. Mrs. Margaret Schullis, 2150 Barry avenue, alleged that he made improper advances while sitting beside her.

DODGE MURDER QUIZ FOR MONTH; JOKE'S ON THEM

Chambers and Miller Try
in Vain to Get Arrested.

CRIMINAL COURT.

James Scott, burglary, sentenced to one year in the penitentiary by Judge William J. Brennan.

For nearly a month Gordon Chambers and Joe [Eaglebeak] Miller have been cautiously dodging the police, assistant state's attorneys, and sheriffs. In fact, they even went to another state so that they might not be asked emphatic questions about the murder on Jan. 12 of Betty Chambers, whose body was found in her apartment in the Fontenelle hotel.

Yesterday they discovered, much to their amusement, that all their dodging and hiding was for naught. They walked brazenly into the courtroom of Chief Justice William V. Brothers of the Criminal court, sat around for three hours, and then left the building unmolested; not even asked so much as a question.

There Seem to Be No Charges.

Judge Brothers, who was asked to take charge of the surrender, informed attorneys Michael Romano and Louis Blumenthal that he had no jurisdiction, inasmuch as there was no charge against either Chambers or Miller.

Judge State's Attorney Samuel Wolfson and George Lavin, who for weeks have been threatening to do numerous things to Attorney Romano and Blumenthal if they did not surrender their clients, suddenly disappeared from the courtroom and the Criminal court building, not to return until the "fugitives" had left with their attorneys.

"Up to the Police."

"Maybe we will have them in 24 hours under our own terms," was the only explanation offered by the prosecutors upon their return from a near-by restaurant. "Anyhow, it is up to the police to do the arresting, and for us to do the questioning. We are not supposed to arrest people."

"Well, anyhow, we tried to get arrested," said Chambers to a group of interviewers as he left the courtroom. "I wonder why the authorities broadcast the desire for our arrest and now refuse to even ask us where we have been."

Members of the police department—two lieutenants, detectives, sergeants, lieutenants, and captains, brushed shoulders with the men while they were in the courtroom, but none molested them, or seemed to care that they had returned from their secret hiding place.

Attorney Romano said he will be prepared for immediate action if the clouds are disturbed. He announced that the writ of habeas corpus would be served immediately if the authorities now change their mind and decide suddenly to question Chambers about the murder of the woman, who posed as his wife, or Miller, a close friend of both.

REFORESTATION BILL PASSED BY SENATE; CALLS FOR 40 MILLION

[Chicago Tribune Press Service.]

Washington, D. C., Feb. 6.—[Special.]—Reforestation in middle western states would be provided for under the McNary bill passed today by the senate.

The bill, which amends the Clarke-McNary act of 1924 for the purchase of forested, cutover, or denuded lands within areas of navigable streams with a view to the protection of navigation, flood control, and the production of timber, authorizes the expenditure of \$40,000,000 over an eight year period.

Forestry advocates expect the passage of the bill by the house at an early date. Senator McNary (Rep., Ore.), in explaining the measure in the senate, said that all lands purchased thus far are located in the east and south. Under the present bill, he said, it was intended to purchase 3,000,000 acres additional in the eastern highlands, 2,500,000 acres additional in the pine regions of the south, and also 2,500,000 acres in the lake states of Michigan, Wisconsin, and Minnesota.

Man Whose Car Killed Two Women Given 3 to 15 Years

Detroit, Mich., Feb. 6.—[Special.]—Clement Curless, 26, former University of Michigan and Cornell student and real estate broker, who pleaded guilty last Friday to involuntary manslaughter as a result of his car killing two women and the injuring of three others in a safety zone, was sentenced today by Judge Frank Murphy to serve from 3 to 15 years in the Michigan state prison at Jackson.

How One Thin Woman Gained 11 Pounds

The Debutante

—a thoroughbred

THE debutante, the young society woman, stands today as the most significant American type—active, resourceful, independent, intelligent, fastidious.

She has all the advantages that background, education and travel can give her. She is light-hearted, enthusiastic and fond of action. But because of this debonair attitude toward life, she has been accused of being frivolous, of loving only pleasure, and of knowing not the value of time and money.

Harper's Bazar has a story to tell of the debutante of today—a story based on experience with some 1715 of her, in 107 cities throughout the country.

Harper's Bazar inspired her to go into business. Several years ago, Harper's Bazar, realizing that debutantes and their world are the logical readers of the magazine of the Inner Circle, organized groups of the younger social set in various cities. They assumed the task of presenting Harper's Bazar to such of their immediate circle as were not already on our lists, and entering their subscriptions. So successful were they that the idea spread, and now, four years later, debutante groups have been at work in 107 cities, and through their efforts, 41,272 names of importance have been added to our lists.

And so the debutante has gone into business. Her father, himself a big business man, is proud of his daughter's business ability; her mother marvels; and her brother is piqued to find that her salesmanship rivals his.

It is significant and appropriate that the magazine which caters preeminently to the modern young society woman, should be the means of demonstrating to a questioning world that this young woman has enthusiasm, initiative, and proven business ability that have brought invaluable subscribers to Harper's Bazar, and invaluable experience to herself.

For the advertiser, the debutante has created a unique, personally selected audience that combines social influence and purchasing power.

Harper's Bazar

Harper's Bazar publishes a chatty, fascinating little magazine for its 1715 workers, entitled "Entre Nous." A copy will be mailed to anyone interested, upon request addressed to The Debutante Bureau, Harper's Bazar, 119 West 40th Street, New York.

This 8-Piece Adam Dining Suite Is \$445

This handsome Adam design suite is the creation of one of the country's most capable manufacturers. Mahogany and beautiful maple burl, with gumwood, make it a handsome suite. The table, buffet, 5 side chairs and armchair are included at this price. The chair seats are frize covered. A china cabinet and serving table are also available.

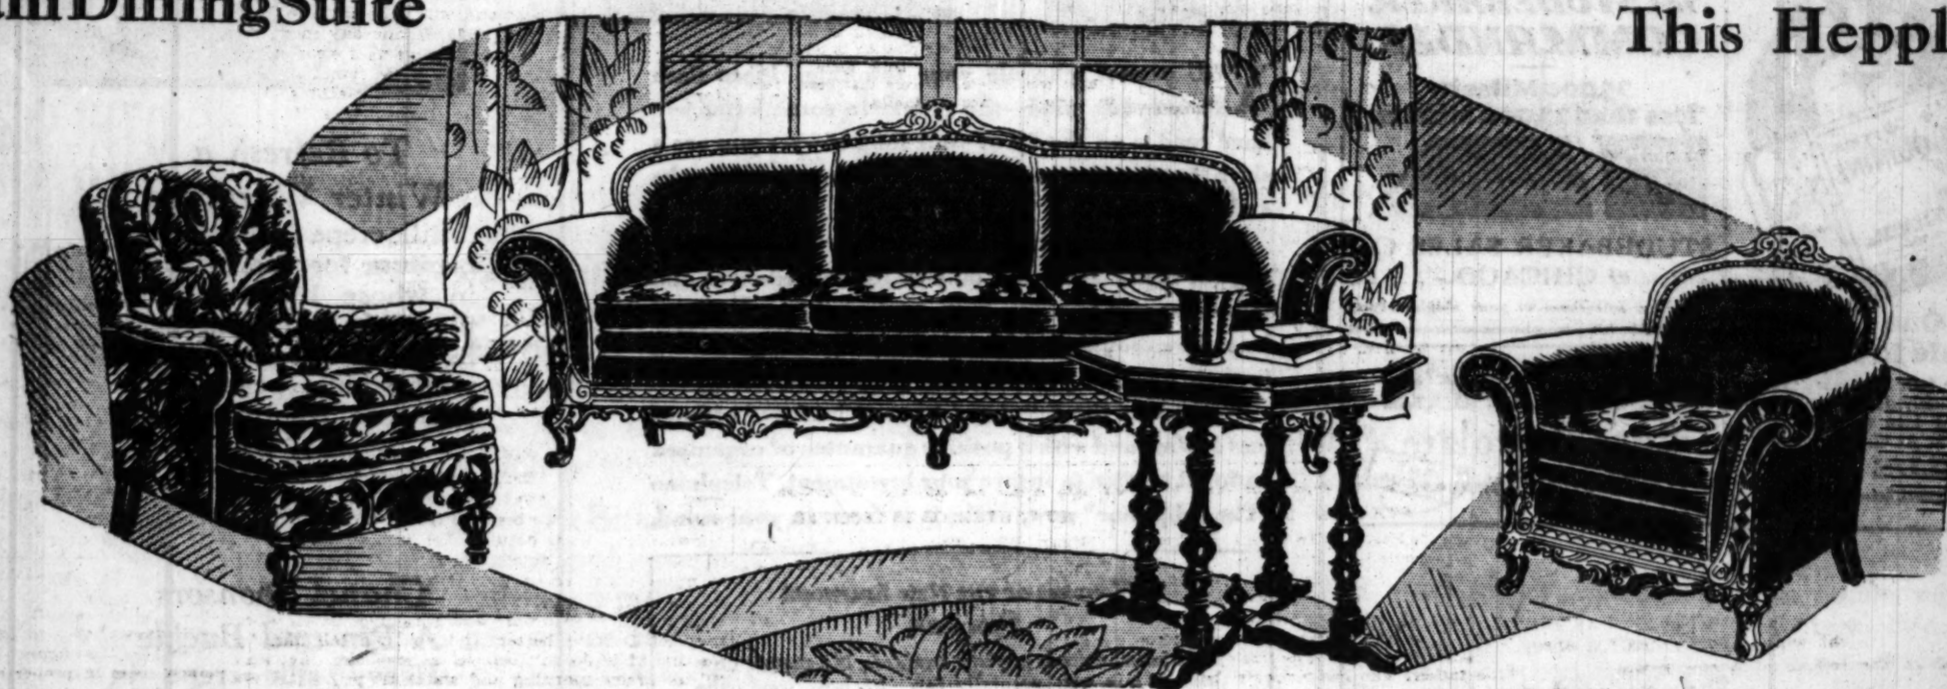

A Selling of Antique Glass

Our entire stock is included in the reductions. There are quaint farmhouse pieces, finely cut Waterford, Bristol and Dutch pieces, old brown bottles, Italian engraved glass, French opaline, pressed bread plates, and old glass lamps.

And a Sale of Desk Sets

Desk sets, book-ends, and smoking accessories are all specially priced this month. Many important values are available.

Second Floor, Wabash

This Is the Month to Buy Fine Furniture

The Lounging Chair just above is deep and roomy, and is filled entirely with hair. You have no idea how soft and comfortable it is. The cushion is reversible, hence will wear for years. You may choose from a large assortment of tapestry covers; \$72.50.

Probably nothing you buy for your home will last longer than the furniture. And probably nothing else will receive such hard wear. Because it lasts so long, and is so constantly used, and is such an obvious part of your decorative scheme, you should buy good furniture. For, as we have said many times, good furniture is a permanent investment. . . . We are known from coast to coast for the quality of our furniture. It is good in design and construction, and conforms to the standards we set for all of our merchandise. It is always reasonably priced. But this month you can buy it for much less than the regular prices. This is the month to buy whatever furniture you need, and this is the place to buy it if you want it to be stylish, durable and worthy of the money you invest in it.

This Hepplewhite Bedroom Suite is \$415

Crotch and figured mahogany, maple burl, zebra wood and ebonyized pear wood are skillfully combined in this Hepplewhite suite. The bed, dresser, chest of drawers and dressing table shown above are included in the \$415 price. Or they may be had separately. A night stand, bench and chair are also available.

The Hoosier Salon

Continuing to be the rendezvous of those interested in the work of modern artists, the Hoosier Salon remains on exhibition until February 15. Oil paintings, etchings and color etchings, an interesting group of sculpture, pen and ink, cartoons, and many other phases of the work of the Indiana artists, continue to draw not only the Indians, but the Chicagoans as well. This is the fourth annual Salon, and it is decidedly worth seeing.

Strong Indications They Will Be Enacted.

(Chicago Tribune Press Service.)
Washington, D. C., Feb. 6.—(Special.)—Measures designed to liberalize the world war veterans' act and to extend the facilities of the veterans' committee are pending in house committees, with strong indications that they will be favorably reported and enacted into law during this session.

One measure, the Fitzgerald-Tyson bill, would place disabled emergency officers on the same basis as regular officers; the purpose of retirement, and the purpose of the bill, is to place the officers on the same basis as regular officers. It has already been recommended for passage by the veterans' committee and is now awaiting action by the rules committee to bring it to the floor.

Other pending measures of more general importance are the two sponsored by Representative Johnson (Rep., D.), chairman of the veterans' committee, proposing to extend the time for reinstating and converting government insurance and for the filing of disability compensation claims or presentation of evidence in support of such claims.

World Extend Time Indefinitely.
The time for reinstatement and conversion of government insurance expired on July 2, 1927, and that for the filing of disability compensation claims expired on June 30, 1927. The Johnson bill would extend the time in both cases indefinitely.

Several measures proposing to extend the time for filing adjusted compensation or bonus claims, which expired Dec. 31 last, have been merged in a substitute measure offered by Representative Green (Rep., Ia.), chairman of the house ways and means committee, and allowing eligible veterans until Jan. 2, 1930, to apply for the bonus.

Provision for New Hospitals.
There is the so-called Luce bill, authorizing the appropriation of \$1,000,000 for new hospital construction and providing for additions to veterans' institutions all over the country, including those at Maywood and North Chicago, Ill.

The Johnson omnibus bill is under consideration by the house veterans' committee. Among its more important features are provisions to transfer all hospitals now under the jurisdiction or control of the national home for disabled volunteer soldiers to the veterans' bureau. It clarifies the guardianship act, giving the bureau added power.

The omnibus measure also permits allowances now paid to families of temporarily disabled veterans to be paid to dependents of veterans who are claimed in total permanent disability.

Among the most important provisions in the section authorizing the bureau to extend out-patient treatment in all veterans' hospitals, facilities are provided and that increasing the allowance paid to insane veterans from \$10 to \$15 a month.

FORDS GET RESPITE IN FIGHT AGAINST OLD LINCOLN OWNERS

Pontiac, Mich., Feb. 6.—(Special.)—Attorneys for Henry and Edsel Ford today gained another respite in their battle to escape answering the bill of complaint of Henry M. and Wilfred C. Leland in their suit for recovery of \$6,000,000 from the motor magnate and his son.

Judge Frank Conner agreed with Attorney Kenneth M. Stevens, representing the Lelands and some 2,000 stockholders of the old Lincoln Motor company, that the suit had dragged long enough, being at present three months. He gave Attorney Clifford B. Bogley, leading the Ford array of defense counsel, one week to file briefs on their contention they should not be called upon to answer the declaration of the plaintiffs.

Henry M. Leland and his son brought the action against Mr. Ford and his son on the legal theory that the Fords owe some 2,000 stockholders for the amount of their holdings in the company at the time Mr. Ford bought the company when ordered sold by the United States court. The Fords deny owing the stockholders on any contract, either written or oral.

James Hamilton Lewis Is Pronounced Out of Danger

(Chicago Tribune Press Service.)
VIENNA, Feb. 6.—(Special.)—James Hamilton Lewis, of Chicago, is improving, the doctors say, and, although once critically ill with bronchial pneumonia, he now is out of danger. He will be confined to the Auerperg sanatorium for some time, however. His wife and niece only are permitted to see him.

LOOP RUBBISH FIRE BURNS.
Firemen raced through the loop yesterday as a fire had been turned in at Wacker drive and Clark street. The fire was in a lot of rubbish and had been extinguished before they arrived.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory to the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory disease, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

SALE ENCYCLOPÆDIA BRITANNICA

LOWEST PRICE IN HISTORY

TO COMMEMORATE the 160th Anniversary of the founding of the Encyclopædia Britannica, the publishers have arranged for a special printing of the latest 13th Edition, to be sold at a NEW LOW PRICE—a price so low that no one need now be without this indispensable work. This 160th Anniversary offer has never been equalled, probably never will be duplicated. It is the most astounding educational opportunity ever made to you. Now the genuine Encyclopædia Britannica—the greatest of all works of reference—can be yours at a price unprecedented in the Britannica's history!

How this Was Made Possible

Far in advance of this great sale, orders were placed for all the necessary materials. More than a million pounds of Britannica Opacity paper—inks and cloth and leather in correspondingly large quantities—were purchased from the manufacturers at prices which only the Britannica could secure, owing to the immense volume of its business which is world-wide.

The Encyclopædia Britannica now, as always, stands head and shoulders above every other work of reference ever published. Its commanding position has never been successfully challenged. With its 50,000,000 words, the Britannica contains twice as much reading matter as the next largest work of general reference. Yet YOU can actually buy it at a lower price!

Once you actually own a set of the Britannica, you will never part with it—you will never regret your purchase. For the Britannica is a constant source of inspiration and enjoyment. No man, no family, can make a better investment. It is an indispensable part of every library, the sum of all the worthwhile knowledge in the world.

The Britannica is the work of the world's greatest authorities—more than 2500 of them—chosen from 50 different countries. Their articles

are signed—thus, when you own the Britannica, you get your knowledge first-hand from the very men and women who know their subjects best.

The famous Britannica Index, a complete volume in itself, contains 600,000 separate references, and cost more than \$150,000 to produce. Both in scope and practical value this Index is absolutely unique.

A Marvellous Achievement

For 160 years, the Encyclopædia Britannica has pioneered in the great work of keeping the world informed concerning the march of human progress.

This latest and greatest edition of the Britannica has been acclaimed, throughout the whole civilized world, as the greatest achievement in the history of publishing. It is the product of the most far-reaching organization of its kind in the world. Through its world-wide facilities, the foremost living authorities are brought together in one great work of reference. Here, and here only, can you find the first-hand experiences of the very men and women who are responsible for the amazing developments that are transforming the world in which you are now living.

Act NOW

For a short time only, you can buy the very latest 13th Edition of the Britannica in the NEW FORM [32 volumes bound as 16] at the lowest price at which this latest and greatest edition has ever been offered—if you Act Quickly!

The NEW FORM Britannica is complete and unabridged. Printed from the same plates as the higher-priced Cambridge Issue. Includes the 28 volumes of the latest standard edition, 3 new supplementary volumes and an enlarged index—32 splendid volumes in all—conveniently bound in 16 double volumes [2 vols. in 1 cover].

This latest Britannica, will bring you a wealth of new facts about this new world in which you are now living. It will make clear all that is essential to a complete understanding of the latest developments in all departments of knowledge. It will give you the very information you need in order to play your part effectively today.

The most successful men in this country today have bought the Britannica and are using it.

An Epoch-Making Event

THE Britannica's 160th Anniversary is an event of tremendous importance from the standpoint of culture and education. From all parts of America, Canada and Europe, prominent men and women are congratulating the Britannica on the occasion of its 160th birthday.

Dr. E. E. SLOSSEN, Director of Science Service, Washington, D. C., writes: "The Encyclopædia Britannica stands in a class by itself. It contains more things that are so—and more things that are worth knowing—than any other book in the world."

Dr. S. PARKES CADMAN says: "The Encyclopædia Britannica is by common consent the first work of its kind in the world."

WILLIAM GREEN, Pres., American Federation of Labor, says: "The Britannica embraces in its contents information of every sort and kind that anyone at any time might desire to know."

ANDREW W. MELLON, Sec'y U. S. Treasury, says: "The Encyclopædia Britannica has performed a service of inestimable value in making readily available such an accurate and comprehensive body of knowledge."

GEORGE H. LORIMER, Editor-in-Chief, Saturday Evening Post, says: "I regard the Encyclopædia Britannica, the dictionary, the Bible, and Roget's Thesaurus as the four indispensable books for an editor. He can go on from there and add to his library."

ROSCOE POUND, Dean of Law School, Harvard University, says: "I doubt whether anything has been more effective in holding together the English-speaking world than this common storehouse upon which English-speaking people in all lands have been drawing for one hundred and sixty years."

JOHN G. HIBBEN, President, Princeton University, says: "This great work has placed the intellectual world under a debt of deep gratitude. The Encyclopædia Britannica's record of advancing knowledge forms a complete library within itself."

MEXICO ARRESTS MANY WOMEN IN WAR ON CHURCH

Charges First Families
Foment Revolt.

BY JOHN CORNYN.

(Chicago Tribune Press Service.)
MEXICO CITY, Feb. 6.—(AP)—Belated reports from Sinaloa, state of Guanajuato, say a statue of Christ on a hill near the town, a monument dear to Mexican Catholics, has been destroyed by dynamite.

The statue, paid for by popular subscription of Mexican Catholics, was placed at what is supposed to be the geographical center of Mexico.

In the latter part of the administration of President Obregon, immediate predecessor of President Calles, the statue was dedicated in the presence of a large crowd by Magr. Filippi, papal nuncio to Mexico. Magr. Filippi later was deported for violating Mexico's religious laws by conducting these religious ceremonies outside of a church building.

In all places where the arrests were made, priests were alleged to have been assisting religious services in contravention to the law, which requires all priests to register and obtain a permit authorizing them to conduct religious services and administer to their congregations. Agents of the department of the interior and metropolitan police made the arrests.

Members of First Families.

The Catholics are charged, in addition to holding prohibited religious meetings, with placing themselves in contact with Catholic rebel bands, the collection of money for insurrectionary purposes, and fomenting a revolution. The campaign of Catholic agents will continue as an answer to the alleged Catholic revolutionary activities in Jalisco and the surrounding states.

Most of the Catholics arrested were young women, though half a dozen men well known for their Catholic activities were among those taken in. All belong to foremost families of the capital.

Will Depopulate Rebel Areas.

The war on the rebels has taken an acute turn. Minister of War Joaquin Amaro has ordered the depopulation of all districts of the mountainous regions where it is found difficult to run down rebel bands. The inhabitants, all Indians, are charged with being friends of the rebels, helping them with provisions and giving them constant warning of the approach of federal troops. While certain centers of concentration are indicated to people of the rebel districts.

PAN-AMERICANS DEBATE PACT TO TIGHTEN UNION

Fear All 21 Nations May
Refuse to Ratify.

HAVANA, Feb. 6.—(AP)—The question whether the Pan-American conference should include a convention to regulate the status of the Pan-American union, or whether the union should continue to exist, as heretofore, by virtue of unanimous resolutions of the conference, came again today before the committee on Pan-American union affairs.

This question, it was supposed, had been disposed of a week ago. After two hours' discussion today it was referred to the sub-committee, which is preparing a preamble to the convention.

Charles E. Hughes, head of the American delegation, Honorable Pueyredon, Argentina, Gustavo Guerrero of Salvador, and Judge Urbina of Mexico, took part in the debate.

One of the first acts of the committee was to agree to the motion of Dr. Pueyredon that any republic could sever its relations with the Pan-American union at any time, but, it must pay its share of the expenses for the current fiscal year.

At a previous meeting the committee had voted unanimously in favor of a convention to establish firmly the objects and powers of the Pan-American union. Today, however, it was pointed out that the convention would not become effective until all of the 21 republics had ratified the agreement.

Several speakers pointed out the likelihood of some powers refusing ratification, in which case the union would cease to exist.

Mr. Hughes contended that this would not be able to agree to the convention. He suggested that the convention stipulate that it should become effective upon ratification by a majority of the American governments.

Mr. Hughes contended that this would be impossible, since no provision of the convention could become binding on any government without its express ratification. In view of the difficulties which confronted the application of a collective instrument, with the dangers implied in the necessity of 21 ratifications, he favored the Pan-American union working on the basis of unanimous resolutions adopted by Pan-American conference, as had been done thus far.

Hughes Favors Elastic Plan.

With a resolution, Mr. Hughes argued, a more elastic arrangement would be possible; this could be modified to suit the different desires of the governments in matters pertaining to the administration of the union.

SHOWDOWN IN TRANSIT TANGLE IS DUE TODAY

Either an agreement or an open break between the city and the companies over the proposed transit bill is expected today at a "showdown" meeting called by Ald. R. I. Frankhauser (4th), chairman of the council's transportation subcommittee on legislation.

"We have our bills ready and we're sick and tired of waiting for the companies' viewpoint," Ald. Frankhauser said last night. "We're asking them to lay their cards on the table and if they don't we will take the bills to Springfield alone. Feb. 10 is the deadline and we are giving them a chance to get under the wire at this special meeting."

Attorney Patrick J. Lucey, it is understood, will appear for the elevated lines and Leonard A. Bushy, Attorney Weymouth Kirkland, and Attorney Harry P. Weber for the surface lines.

Rising to new heights in public favor, Chevrolet, in 1927, became the world's largest builder of automobiles. On January 1st the Bigger and Better Chevrolet was introduced and received a tremendous reception—over 9 million people viewing this new car in the first three days. And now, with this great popularity constantly increasing, week after week, Chevrolet has again broken all sales records for an automobile show and shattered all its previous achievements for January sales. Over 75,000 new Chevrolets have been delivered to date in the United States, and production of the new models has been steadily increased to make possible prompt delivery to the thousands who are daily placing their orders for this new Bigger and Better Chevrolet.

The reasons for this greatly increased public acceptance are to be found mainly in the following:

Greater Beauty

The new Chevrolet with its beautiful new Fisher Bodies, mounted on 107-inch wheelbase—4 inches longer than before—with narrow and deeper radiator, with body lines streaming back gracefully and unbroken; and with the new color combinations of genuine Duco, provides a car of outstanding distinction and marvelous new beauty.

Smoother at Every Speed

A greater smoothness and freedom from vibration at every speed has been accomplished by an improved camshaft design; laminated camshaft gears; and through the use of alloy "Invar Strut" constant clearance pistons which

represent the greatest advancement ever made in piston design and construction.

Thrilling Performance

A smoother, faster and more powerful motor with flashing acceleration, and the addition of non-locking four-wheel brakes and independent emergency brake, affords a type of traffic and road performance that is actually thrilling. Long recognized for the power of its famous valve-in-head motor, the new Chevrolet is a revelation even to those who previously drove Chevrolet cars.

Delightful Handling Ease

As a result of its new motor performance and its new ball-bearing worm and gear steering mechanism, controlled by a large seventeen-inch wheel

the new Chevrolet has a type of handling ease found in few makes of cars. The new, completely enclosed instrument panel, indirectly lighted, with horn button, spark and throttle levers on top of the steering post also add to convenience and ease of operation.

Remarkable Riding Comfort

The longer wheelbase of the new car—the improved semi-elliptic shock absorber springs, 84 per cent of the wheelbase and set parallel to the frame, the beautifully upholstered deep cushioned seats combine to provide unusual riding comfort on any type of road.

Amazing Price Reduction

The many improvements in chassis design, type of performance, handling ease, and riding comfort in themselves would be sufficient to make this car one of the outstanding achievements of the automotive industry. But in addition, the Chevrolet Motor Company—in accordance with its policy to give the public whenever possible higher quality at lower prices—announced on January 1st amazing price reductions throughout the entire Chevrolet line.

Check this new car, feature by feature, and compare its prices with those of any car on the market today and you will find in the new Chevrolet one of the greatest values in motor car history.

FOOTBALL RULES COMMITTEE CLARIFIES GRID CODE

on Muffed Punt.BY WALTER ECKERSALL.

Philadelphia, Pa., Feb. 6.—Modification of the rules governing the back-

ward pass, fumbled or muffed punts, shift and screen forward passes and the annual meeting of the football rules committee will end its two day session at the Seaview Golf Club at Absecon, N. J., last night.

The slight alterations will in no way affect the game as played last year and (Chicago Photo.) they will relieve officials of considerable responsibility. The object of the committee was for simplification and clarification of the rules. Points were referred to the modification committee which had been given the task to rewrite the rules for 1928.

Here Are the Changes.

The latest features of the session were:

1. Backward pass must be thrown two yards through the air to come into play.

2. Elimination of the muff and fumble clause regarding punts; ball dead at point of recovery if retrieved by kicking side ball to receiving team if it goes out of bounds, regardless of whether it was touched in field of play by kicking team after, having been fumbled.

3. All forward passes must come to a stop for one second after coming out of a huddle; one player may be in motion providing he comes to a definite stop before the ball is put in play.

4. On all forward passes no player of side in possession of the ball, either before or after the pass has been made, shall interfere in any manner with an opponent. The word "behind" has been inserted into the rule to discourage screen passing.

5. Any kicked ball which strikes the end posts is to be ruled dead.

6. Committee urgently requests that coaches take responsibility for the use of dangerous equipment.

7. Close line play was defined as the space between the two defensive tackles and three yards either side of the scrimmage line.

8. Explanation of Backward Pass.

After considering the backward pass from every angle and at the same time making an inclination to revert to the 1926 rule, the committee decided that a lateral pass must be thrown through the air two yards to have the possession which governed the play.

If such a pass is made but the ball strikes the ground, the oval shall go to the offensive eleven but shall not be down at the point where it is recovered by the attacking eleven.

If the ball does not travel through the air two yards, it is illegal and shall be played like any other forward pass.

LALLY LEADS IN
TEXAS OPEN GOLF,
COOPER SECONDDudley Drops to Seventh
Place.

San Antonio, Tex., Feb. 6.—(AP)—Tom Lally, a reformed port-side golfer of San Antonio, stole a lap on the Texas golf field here today and moved into first place at the half way mark with an aggregate of 144 for the first 36 holes of the 72 hole tournament. Harry Cooper, Buffalo, was one stroke behind Lally.

The Texas Improved his 73 of yesterday, which had put him in second place behind Ed Dudley of Hollywood, by shooting even par today. Lally, as a boy in Boston was a left handed golfer, but he learned to play the right side years ago and became a pro.

Cooper shot the best score of the day, a 70. He went into second place with an aggregate of 145. Bobby Cruikshank of Purchase, N. Y., and Horton Smith of Joplin, Mo., were tied for third and fourth with 149 strokes each. Tommy Armour of Washington, and Bill Mehlhorn of Pittsburgh, had 150's to tie for fifth and sixth.

Ed Dudley, whose 72 yesterday led the field, had rough going today. After taking one over par on the first nine he found numerous ruts, ditches and creeks on the back nine to get an additional seven strokes over perfect figures. This gave him 151 strokes and placed him seventh.

Favorites Missed Finals.

None of the favorites was eliminated. Many of them were far in the back, however, and stood little chance of taking prize money.

Leading scores follow:

Willie Hunter, Cincinnati, O.	70	82	161
Eddie Newkirk, Chicago, Ill.	70	86	175

ROCKNE MAY BE BOXING JUDGE AT TRIBUNE TOURNEY

N. Dame Coach Advocates Amateur Ring Sport.

Kaule Rockne, Notre Dame football coach, is a strong booster for Tribune's amateur boxing tourney to be held at the Ashland Boulevard Auditorium on March 6, 7, 8, and 9.

Rockne always has favored sports in which contact is a prime factor. This is the primary reason why he favors football to all other intercollegiate sports. But he also likes boxing. The wisdom means an opportunity to attend any fight of consequence held in the middle west.

"Amateur boxing such as Tribune is encouraging is a mighty good thing," Rockne said. "It is sports such as boxing which gives a boy courage and enables him to fight his own battles. I believe every man should be able to defend himself in any kind of encounter and I know of no other way to teach our boys the art than by boxing."

The Notre Dame coach will be a spectator at the tourney and may consent to act as a judge on one of the four nights. Notre Dame will be represented by a team which is being developed by Tommy Mills.

Individual entries continue to be received but few team nominations have been sent in. Those in charge of the teams are requested to nominate their squads as soon as possible, as the entries close on Feb. 29.

The first series of elimination contests to determine who will represent Notre Dame's gym at the Tribune tourney will be held at Mullen's gym tomorrow night at 8:15.

ALL 4 AURORA PIN TITLES WON BY CHICAGOANS

Aurora, Ill. Feb. 6.—[Special.]—Bowling from Chicago are champions in all four events of the fourteenth annual international tournament, which came to a close today. They established a new mark in each event and were higher than the all time records of the American Bowling Congress.

Bowen Preps Tie for Two Section Titles

The south section race in the City Public High school basketball race came to a close yesterday with Bowen and Parker heavies and Bowen and Morgan Park light tied for first place. All four teams have won seven games and lost one, and their meetings in the league semi-finals will decide the sectional supremacy.

Bowen heavies whipped Morgan Park, 26 to 21, at Bowen to keep pace with Parker majors, and the Bowen lights handed Morgan Park ponies their first defeat, 25 to 14, to tie for the leadership.

Parker invaded Fenger's floor and was given a hard battle in the heavy-weight game before winning, 21 to 16, by spurring in the last two minutes.

Fenger romped off with the light-weight contest, 20 to 4. Heavyweight lineup:

BOWEN [26] MORGAN PK. [21]

McCarthy Picks English to Top Cub Batting Order

BY IRVING VAUGHAN.
When Joe McCarthy, the Cub directing genius, gets to the point of arranging his batting front for the onrushing flag venture, he will be required to locate a lead off man to take the place that for many seasons belonged to Sparky Adams, now gone to the Pirates.

The fellow destined to draw the front trench in the attack is Edwood English, the shortstop who came along rapidly last year despite his youth and inexperience. McCarthy already has declared himself on this point. Moreover, he has expressed a belief that English as a lead off man will be better than Adams. This may be somewhat of a relief to those fans, who since Adams was sent away for Cuyler, have been dwelling under the delusion that McCarthy gave away his entire ball team. The calamity howlers have overlooked the fact that a pretty fair player was secured in return.

Believe English Will Improve.
A good lead off man should be a fair hitter, a good waiter, and the kind not afraid to let a ball plunk him in the ribs. Anything to get to base. Last season Adams was not hit more than a couple of times by pitched balls. He was a good judge of strikes and balls, but English showed last year that with a little more experience he might be better. As straightaway hitters they were about even up, with indications that English will improve. English is one of those fellows managers speak of as "able to do things up there at the plate." In plain language, this means a resourceful athlete who will vary his style to worry a pitcher.

Second, third, and fourth notches in the Cub front will not be quite so easily solved. With three outfielders such as Cuyler, Wilson, and Stephenson, the north side boss doesn't have to worry about a "murderer's row," something new to Chicago fans, but it will not be easy to arrange them so as to be assured of the maximum results. On past performances Cuyler in the second notch, followed by Wilson and Stephenson, probably will be as good as any.

Will Air Baseball's Lineup Feb. 21.
Some of baseball's linen may be hung out on the line here Feb. 21 when suit brought against Collyer's Eye, a sporting publication, by Pat Duncan and Sammy Bohne, ex-Reds, comes up in Judge Wilkerson's federal court. The suit has been pending since August, 1923, when the publication printed a story alleging the players named had worked in collusion with gamblers during an important series between the Reds and Giants. The suit is being pressed at this time at the insistence of Commissioner Landis. So far as it known, no tangible evidence against the players was uncovered and for that reason baseball authorities took no action against the men, who have since passed into the minor leagues.

FISHER BEATS HANSON IN TWO FALL MAT MATCH
Charlie [Middle] Fisher, Butternut, Wis., middleweight, threw George Hanson of Pawhuska, Okla., in two straight falls in the main event of the wrestling show at the Broadway armory last night.

Fisher won the first fall in 23 minutes and 12 seconds with a headlock. The second came in 45 seconds with a cross body scissors. Hanson was dizzy from Fisher's headlock holds when he came back for the second fall and was pinned quickly.

In the semi-windup, Wayne Munn of Nebraska tossed Frank Oile in one fall after 15 minutes and 45 seconds of wrestling, with his famous crotch, half Nelson hold. Munn outweighed his opponent by 44 pounds.

Jim McMillan of the University of Illinois continued his triumphs in the ring by throwing Jack Sampson, Chicago, in 19 minutes.

Tad Jones Heads Yale's Advisory Grid Committee
New Haven, Conn., Feb. 6.—[Special.]—Yale university today announced a reorganization of its graduate advisory committee on football for next season. Tad Jones, head coach for more than a decade, was made chairman, succeeding Maj. Louis E. Stoddard of New York City, and the committee has become enlarged from six to ten.

The new committee will have broader powers and more constant relation to the football situation than the former committee which was used largely for consultation.

The selection of Tad Jones as chairman marks the final step in his decision to retire from active coaching. The announcement of the formation of the new advisory committee does not name the coaching staff for next season.

motion after the shifted players have come to a stop for one second, but the end also must stop for a fraction of a second before the ball is put in play.

The committee ruled that two or more men constitute a shift and that if one man is shifting he should be ruled under the player in motion clause.

Members of the committee reported that a growing tendency of coaches to use the screen forward pass had necessitated a rule discouraging this practice. Rule 16, Sec. 3, par. a, was changed to read as follows:

"If the side in possession of the ball makes a forward pass, no player of the side who has crossed the line of scrimmage, shall, either before or after the pass has been made in any manner interfere with an opponent until the ball has been touched, except in an actual attempt to catch or bat the ball himself."

Penalty for Interference.
In other years passers delayed as long as possible in order to permit line men to get past the line of scrimmage to screen eligible receivers. If forwards continue this practice of breaking through to hinder members of the defense in getting to the ball, they will be guilty of interference and penalized accordingly.

In this connection the question of long, trust to luck forward passes were discussed. Members of the committee and coaches were of the opinion the short passing game is suffering at the expense of the long throw.

Seattle, Wash., and H. W. Hughes, Colorado Aggies.

The following officials attended the two days session: Walter Oakeson, Lehigh; Walter H. Eckersall, Chicago; Dr. E. J. O'Brien, Tufts.

The coaches in attendance were: Knute Rockne, Notre Dame; Hugo Bezdek, Penn State, and William Spaulding, University of California, southern branch.

The Hawks Sunday night showed a complete reversal of the play they have exhibited during the last few weeks, when they trounced the Americans, 6 to 0.

The Pittsburgh club has been setting a fast pace for the last month. At the start of the season the Pirates were the poorest team in the league, losing eight and tying two before they gained a victory. Then, after beating Toronto, the Pirates started on another long losing streak before the squad was shaken up, new men added, and a winning combination built up.

In their last five starts the Pirates have won four times, and instead of appearing certain all ends the Pittsburghers are banking on gaining a place in the play off series for the league title. Included in their four victories were wins over the league leading Les Canadiens of Montreal and the powerful New York Rangers, the best teams in the league.

After an absence of more than two weeks, the Chicago Blackhawks will return today to prepare for the invasion of the Pittsburgh Pirates at the Coliseum tomorrow night. The Hawks will run through a short workout on the Coliseum rink this afternoon.

At the start of the season the Pirates were the poorest team in the league, losing eight and tying two before they gained a victory. Then, after beating Toronto, the Pirates started on another long losing streak before the squad was shaken up, new men added, and a winning combination built up.

In their last five starts the Pirates have won four times, and instead of appearing certain all ends the Pittsburghers are banking on gaining a place in the play off series for the league title. Included in their four victories were wins over the league leading Les Canadiens of Montreal and the powerful New York Rangers, the best teams in the league.

After an absence of more than two weeks, the Chicago Blackhawks will return today to prepare for the invasion of the Pittsburgh Pirates at the Coliseum tomorrow night. The Hawks will run through a short workout on the Coliseum rink this afternoon.

The Hawks Sunday night showed a complete reversal of the play they have exhibited during the last few weeks, when they trounced the Americans, 6 to 0.

HAWKS BATTLE PIRATES ON HOME RINK TOMORROW

After an absence of more than two weeks, the Chicago Blackhawks will return today to prepare for the invasion of the Pittsburgh Pirates at the Coliseum tomorrow night. The Hawks will run through a short workout on the Coliseum rink this afternoon.

The Hawks Sunday night showed a complete reversal of the play they have exhibited during the last few weeks, when they trounced the Americans, 6 to 0.

Density vs "Coverage"

HE American Weekly *doesn't* cover the country. There are ten thousand townlets that never see a copy.

It has practically no R. F. D. delivery. It doesn't penetrate Death Valley, Alaska, or the range lands.

But it bridges the continent from coast to coast, in fifteen mighty spans, which connect the *richest* and *stabllest* retailing areas into a *single* efficient distribution system.

It restricts its spread to America's *spending* centers.

Its circulation is tucked in the "pockets of Uncle Sam's *ready-money* belt," where there's a steady wage or a regular income behind every reader's eye. *ALSO*, an available dealer within every neighborhood's reach.

For the *first* time, a national medium has *surveyed* and followed a *selective* route of influence, and *confined* its sales to *metropolitan* communities and their rich *feeder* territory.

These are the *actual* "Cities of Cibola." Far richer than any mirage of legendary imagination—with the wealths of medieval empires crowded in their tills and strongboxes.

Here's where finance holds its reserves for "rainy days" and crises.

These are the *invincible* citadels of prosperity, which *panic* never seizes and *depression* cannot capture.

American Weeklydom lies snug and fast within the *safety zone* of trade and banking.

Its five and a half million families enjoy the *highest* average of *pay* and suffer the *lowest* rate of *unemployment*.

Their earnings *don't* ride on *see-saws* with grain harvests and lumber sales and mining output.

Their jobs and expenditures *aren't* regulated by gluts and shortages.

They make and expend *billions* monthly—they live at *top* pitch, change clothes and cosmetics with the fashions, and *cars* with the *last* models.

The American Weekly serves this public *exclusively*.

Its twenty-five-million-reader-consuming-power can *compel* entrance to more than *half* the department stores, drug stores, and chain stores of the United States.

Most manufacturers able to afford American Weekly space have already secured *reasonable* representation for their goods.

The pressing problem is to *intensify* and *densify* that distribution—to *concentrate* production in stable territory—to sell by ton, car and train-load, instead of case and dozen.

Red-ink bottles are full of deficits from smattered appropriations.

Steadily rising hotel, travelling and handling costs protest the *profit leakage* in piking shipments to Pee-weeville and Podunk.

Experienced balance sheets aren't concerned at rates; their noses are buried in the *cost* of the *follow-up*.

That's where *net* figures *lie*—and disclose the *truth*, too.

The American Weekly sells markets, *not maybe's*—delivers *demand*, *not nibbles*.

It *saturates* fields where salesmen's jumps are from *block* to *block*, *not county* to *county*.

Its merchants are the nation's *pace-makers* and *discount-takers*.

\$16,000 per color page. And production records say that the price is *low*.

SEEN BY BANKERS
ON SPECULATIONS

BY O. A. MATHER.

Further warnings against excessive stock market speculation were seen in several occurrences yesterday by New York and Chicago bankers. First, the Minneapolis federal reserve bank issued its redemptive rate to 4 per cent, following the Chicago, Richmond, New York and San Francisco institutions. The remaining seven reserve banks are expected to follow suit this week. Second, the senate committee on banking and currency announced it will hold hearings soon on the La Follette resolution for an investigation into brokers' loans. The resolution would put the senate on record as favoring action by the federal reserve board to restrict the payment of loans by member banks for speculative purposes.

\$25,000,000 Loans Called.

The third factor was further stiffening of money rates. The New York banks called in around \$25,000,000 of stock market loans and the call loan rate, representing loans on stock market collateral, advanced to 6 per cent. The stiffening of loans was attributed to the fact that the report of the New York clearing house banks on Saturday showed a deficit in reserves of more than \$20,000,000. Although the member banks now are not borrowing heavily from the federal reserve banks and have met credit expansion through their own resources, still their borrowings have been increasing. A report issued by the reserve board last night showed that member bank borrowings now stood at \$238,646,000 last Wednesday, an increase of \$12,044,000 in a week and of \$7,575,000 in the last year.

Stock and Bond Loans Increase.

These member banks also reported loans on stocks and bonds, excluding government securities, at six billion five hundred and forty-six million eight hundred and nine thousand dollars, an increase of \$59,935,000 in a week and of nine hundred and twenty-two million seven hundred and seventy-five thousand dollars in a year. All other loans total eight billion five hundred and seventy-nine million six hundred and twenty thousand dollars, a decline of \$9,215,000 in a week and an increase of \$7,475,000 in a year.

In other words, the amount of credit being extended on stocks and bonds, which means speculation to a considerable degree, has increased nearly nine hundred and twenty-three million dollars the last year, while credit for commercial purposes has expanded less than 77,000,000. The relative small expansion in commercial loans is due to stacking in business in the last few months, but now trade is picking up the promise to require a larger share of the country's available credit from now on.

Decline in 100 Active Stocks.

Market values of 100 active stocks compiled by Frabier, Jellie & Co. made a net decline of 1 per cent during January. The total value of these stocks Jan. 31 was \$2,247,240,000, compared with \$2,247,240,000 on Jan. 1. The decline represents a loss of two hundred and forty-six million one hundred and thirty-four thousand dollars during the last month.

The greatest loss was in the twelve stocks which fell off one hundred and nineteen million five hundred and ninety-one thousand dollars from a market value of three billion five hundred and fifty-one million eight hundred and eighty-four thousand dollars at the end of last year. This represents a decline of 3 per cent.

Advances were made by five of the twelve groups. Those which moved forward against the reaction during January were the utilities, equipments, rubbers, food products, and specialty industries. Steel, copper, rails, oils, chemicals and merchandise shares in addition to motors comprised the groups which showed declines for the month.

Severity Gains an Important Point on Some Occasions

By Gladys Huntington

The young son was still feeling in the bathroom and breakfast was on the table. His uncle, who forbore to interfere, was, however, making up for it by being frank.

"But you've talked, and talked, and talked, and it does no good. He keeps right on doing it," he said.

"I know it," answered the boy's mother, "and I hate to be one of those cross, nagging parents."

"Well, you don't punish him—why don't you do something that will impress him on his mind that he's got to keep on the dressing job in the morning?"

"The reason is because I don't want to be severe with him to gain my own ends," she said.

"Well, if you have to choose, I think it's much better to be severe than to be cross and disagreeable."

And I'm inclined to think it is, too. Severity, the adamantine attitude toward children, is ordinarily quite objectionable. If we manage well, we should be able to get our results by ordinary means—by reasoning, by explaining, or by actually commanding when the occasion requires it. A good natured firmness ought to operate to practical ends in most situations.

But once in a while it doesn't. Sometimes it's because of the age that children are passing through. Sometimes it's a special activity or inactivity that resists control. Talking seems to make no impression. Harping on the subject has no more effect than water trickling over a dam. Scolding seems only a momentary improvement.

The effect of this constant reiteration of correcting has an analogy in the animal world. In a newspaper or advertisement, they say that the same word or slogan used too long becomes a blind spot to the reader—the people cannot see it. I think that children, as a result of reiterated reproof, develop a blind spot. What they hear of the continual talk directed at them just doesn't register.

The tendency to think that there are times when severity, strictness, all that by whatever name you will (of course, this does not mean corporal punishment), is really preferable to kindness, is a very old one. It is a relic of the days when severity was much more salutary than failure and long drawn out scoldings and disapproval.

This Crepe Garment Is Smart and Practical

By Corinne Love

NEW YORK.—(Special Correspondence)—When there are women fashions they probably will all vote for lingerie like the above. For here is one of those all-in-one garments that have made dressing a comparatively painless occupation.

In this case we find a chemise top attached to bloomers and the bloomers attached to a petal skirt. This bit of efficiency is represented in Nile green crepe, which is edged, embroidered, and hemstitched in jade green.

All lingerie of today is directed toward two goals—one is a faithful shadowing of the frock worn over it, and the other is to put on as many garments as possible with a single gesture. Long ago the brassiere has been incorporated in the lingerie trust and garments combining chemise top with attached brassiere and bloomers are now a part of every woman's inner life. Sometimes this brassiere top is of self material, but frequently it is of lace—the Alençon weave now so much in favor.

The step-in combinations are certainly faithful disciples of the frock. So often the bodice is shaped into a point at the front and permitted the proper flare in the lower section. Indeed, one sometimes sees these inspired bits of lingerie making the diagonal drama of the frock.

In speaking of lingerie one reflects on the growing vogue of the long, narrow, straight, and simple style. With the back in plain, the front has a bold effect of contrast by the fabric, as in two color combination. French blue wool crepe with flesh colored crepe de chine, navy blue wool jersey with tan jersey, novelty woven with plain woven, in tan and navy, are all of them suitable and serviceable materials.

The pattern, 3212, comes in sizes 4, 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90,
